Upload and embed videos from platforms like YouTube or Vimeo.

Step 1: Get the Video URL

From YouTube

1. Go to the video on YouTube.
2. Copy the link from the address bar.

Example:

3. <https://www.youtube.com/watch?v=dQw4w9WgXcQ>

From Vimeo

1. Open the video on Vimeo.
2. Copy its link.

Example:

3. <https://vimeo.com/76979871>

Step 2: Insert Video in a Post or Page

Method 1: Using a Block

1. Open your desired **Post** or **Page**.
2. Click the **+** (**Add Block**) icon.
3. Search for **YouTube** or **Vimeo** block → Select it.
4. Paste the video URL → Press **Enter**.

Method 2: Auto-Embed (Fastest)

1. In the editor, simply **paste the video URL** on a new line.

Example:

2. <https://www.youtube.com/watch?v=dQw4w9WgXcQ>
3. WordPress will automatically **convert it into an embedded video**.

Step 3: Customize the Video (Optional)

Click on the **video block** to access the toolbar:

Option	Action
Align	Set video alignment (Left / Center / Right)
Caption	Type below the video to add a caption
Resize	Drag corners to adjust video size

Step 4: Publish & View

1. Click **Publish** (for new posts) or **Update** (for existing ones).
2. View your post in the browser:
3. <http://localhost/mywebsite/your-post>
